

Air Conditioning

Value Series I Model: 13AJN 13 SEER Condensing Unit

When you look at the benefits provided, you'll see that you can depend on Ruud Condensing Units to deliver the quality and value you expect.

- Durability for Years to Come**
 While blending effortlessly into your home's landscape, the attractive, low-profile, louvered, *Neutra Green™* steel cabinet provides style and protection from yard hazards and weather extremes. With this durable construction, you can count on years of ease when you depend on Ruud for your home comfort needs.
- Tranquility of Quiet Operation**
 Air is discharged through a unique grille pattern located on top of the unit, and is directed upward and away from bushes and shrubs. This discharge pattern allows for quiet fan operation and low noise levels, which *you and your neighbors* will appreciate.
- Simple, Low Cost System Maintenance**
 Contractor-preferred access, to the internal components of the unit, is easily obtained by removing one service panel or the top grille, keeping service time and expense to an absolute minimum. This enhanced serviceability makes caring for your system as easy as 1-2-3.
- Efficient Performance Maximizes Savings & Comfort**
 The 13AJN model features cooling efficiencies up to 15 SEER/12.50 EER. The higher the SEER level, the greater your energy savings will be over time. When compared to lower SEER rated models, choosing a higher efficiency model will pay off with years of savings on your monthly energy bills.
- Guaranteed Dependability**
 The 13 SEER model features a ten-year conditional limited parts and compressor warranty (registration required). You can relax and simply enjoy the peace of mind you deserve with the worry-free operation of your Ruud Condensing Unit.
- Eco-Friendly Product *R-410A***
 At Ruud, green is much more than the patented *Neutra Green™* color of our products. Our eco-friendly condensing units meet or exceed world environmental standards by utilizing Refrigerant 410A that does not contribute to ozone depletion in any way.

Rely On
RUUD™

- Efficiencies up to 15 SEER / 12.50 EER
- Nominal 1.5 to 5.0 Ton Cooling Capacities

(IN CERTAIN MATCHED SYSTEMS)

Energy Savings

Advanced engineering based on established technologies offers a hassle-free comfort solution that lowers energy usage.

Reliability and Durability

Solid construction ensures quiet operation, shields against environmental hazards and provides quality operation backed by a 10-year conditional parts warranty.

RELY ON RUUD.™

RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. You can be sure you're getting long-lasting value and comfort with any Ruud product you purchase. We engineer our air conditioners with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you high-efficiency air conditioners that reduce your monthly energy costs while being easier on the environment. We promise to deliver quality air conditioners we can be proud of and you can rely on.

EXPERIENCE THE BENEFITS OF RELIABLE COMFORT

The Ruud *Value Series* Air Conditioner is designed to give you proven quality and lasting comfort from a name you trust and a price you'll love.

Energy-Efficient Cooling Legendary Scroll® compressor technology delivers proven durability and greater efficiencies, maintaining a higher comfort level with less electricity used. Your energy savings are further increased by a cooling efficiency rating of up to 14.5 SEER.

Low-Cost Maintenance Convenient access to internal components means contractors can make most adjustments without shutting the entire system down, keeping their time and your cost to a minimum.

ENJOY LONG-LASTING QUALITY & DURABILITY

We understand that purchasing heating and cooling equipment is an investment. With Ruud, you can rest easy knowing you're getting maximum comfort with industry-leading reliability. We've designed the Ruud *Value Series* for durability and performance.

Solid Construction A galvanized steel cabinet protects the coil from hail, lawn debris and other erosive elements.

Durable Finish Powder-painted metal cabinet finish exceeds the industry 1,000-hour salt-spray testing requirement, defending it against environmental hazards and rust, keeping your investment looking good for years to come.

Ruud Reliability Complete factory run testing ensures your Ruud equipment operates at peak performance before being installed in your home.

BENEFITS AT-A-GLANCE

Efficiency:

Up to 14.5 SEER/12 EER
