earth friendly refrigerant

Quality That Endures

The Ruud Achiever Series 14.5 SEER condensing units combine money-saving efficiency, whisper-quiet operation, environmental-friendliness and superb reliability to bring you total peace of mind in home comfort – year after year. Some air conditioning systems cost more, some promise more – but nothing performs more reliably. It's that simple.

There are some
things in life
you can always
rely on...

Features & Benefits:

- 1. Durable Cabinet.** Our galvanized steel cabinet protects your Ruud unit from the elements, helping reduce maintenance expense.
- 2. Serviceability.** Service time and expense are kept to an absolute minimum. The removal of one panel provides your technician easy access to all internal components.
- 3. Low Corrosion. Low Sound.** A special base pan elevates the unit off the pad and away from corrosive condensation. More quiet performance and lower vibration levels also result.
- 4. Fan-tastic.** Our motor mount prevents damage to your fan motor, extending its service life.
- 5. Wrap-Around Coil.** High-quality copper tubing and corrosion-resistant aluminum fins provide better airflow, improved efficiency, and lower operating costs.
- 6. Compressor Protection.** If your refrigerant level is ever too high or low, on-board safeguards protect your compressor from damage.
- 7. Heart & Scroll.** The heart of your condensing unit is the compressor. That's why every Ruud unit features a Scroll® Compressor – widely recognized as the industry standard for performance and durability.

Limited Warranty Information

Ruud supports its equipment with strong warranties and reliable, professional service. The UAPM- JAZ models have a 10-year limited compressor warranty. All other parts are backed by a five-year limited warranty.

Protection You Can Count On

While your Ruud equipment is incredibly reliable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Ruud air conditioner – without worrying about the cost of parts or labor for unexpected repairs. And when Protection Plus is purchased in conjunction with your dealer's maintenance program, you can enjoy the peace of mind that your equipment will be both maintained and repaired – as needed and without additional expense.

Ask your dealer about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit www.protectionplusonline.com.

KwikComfort® Financing

Ask your Ruud dealer about KwikComfort® Financing, the easy and convenient way to finance everything associated with your Ruud equipment – your original equipment, all subsequent service, Protection Plus® extended service protection, and even the comfort options you might choose to add later.

RELIABILITY

Energy Savings

Advanced engineering based on established technologies offers a hassle-free comfort solution that lowers energy usage.

Low-Cost Maintenance

Built for easy serviceability, contractor expenses are kept to a minimum.

Reliability and Durability

Solid construction ensures quiet operation, shields against environmental hazards and provides quality operation backed by a 10-year conditional parts warranty.

RELY ON RUUD.™

RELY ON RUUD.™

For more than a century, Ruud has been a **name synonymous with reliability**. You can be sure you're getting long-lasting value and comfort with any Ruud product you purchase. We engineer our air conditioners with durability in mind, testing and retesting to guarantee a superior product. In addition, we work hard to bring you high-efficiency air conditioners that reduce your monthly energy costs while being easier on the environment. We promise to deliver quality air conditioners we can be proud of and you can rely on.

EXPERIENCE THE BENEFITS OF GUARANTEED COMFORT

Even on good days, life can seem overwhelming. To give homeowners like you one less thing to worry about, the Ruud *Achiever Series* Air Conditioner is designed to offer a highly efficient cooling operation to increase your comfort level while lowering your energy usage.

Energy-Efficient Cooling Legendary Scroll® compressor technology delivers proven durability and greater efficiencies, maintaining a higher comfort level with less electricity used. Your energy savings are further increased by a cooling efficiency rating of up to 16 SEER.

Simply Attractive In addition to the low-profile design, the neutral color allows for equipment placement that doesn't take away from the beauty of your home.

Quiet Operation Elevation of the unit off the concrete pad reduces vibrations, allowing for quieter performance.

Low-Cost Maintenance Convenient access to internal components means that contractors can make most adjustments without shutting the entire system down, keeping their time and your cost to a minimum.

ENJOY LONG-LASTING QUALITY & DURABILITY

We understand that purchasing heating and cooling equipment is an investment. With Ruud, you can rest easy knowing you're getting maximum comfort with industry-leading reliability. We've designed the Ruud *Achiever Series* for durability and performance.

Solid Construction A galvanized steel cabinet protects the coil from hail, lawn debris and other erosive elements.

Durable Finish Powder-painted metal cabinet finish exceeds the industry 1,000-hour salt-spray testing requirement, defending it against environmental hazards and rust, keeping your investment looking good for years to come.

Ruud Reliability Complete factory run testing ensures your Ruud equipment operates at peak performance before being installed in your home.

BENEFITS AT-A-GLANCE

- Efficiency:**
Up to 16 SEER/13.55 EER
